## Comments from the Autumn 2018 BVA Survey

1. Report on recruitment of new residents. 2. Enforcement of our bylaws restricting storage of boats, trailers, etc. in driveways. 3. Enforcement of standards requiring absentee renter owners to maintain property properly. The most important part of any community is getting to know your neighbours. This is not only a social responsibility, it is the basis of our safety and security.

1. Set annual goals and report back at the end of each year on what you've accomplished. 2. Tell us how much money you get from membership fees each year and specifically how each dollar was spent. 3. Actually help residents when they reach out to you for advice or help.

1. Teenagers sports event such as: Badminton, Volleyball, tennis 2. Household used item exchange event or sharing or donation.

22 Hawkesbury cut down a majestic healthy willow in the ravine for no reason. It cost them \$26.00 to do so. I am very angry that old growth trees, in fact all the ravine trees are under attack. Fences cannot be erected on public land and these oversized homes must replant all the trees they have destroyed. This particular willow makes me furious. It was the only one that was not chopped up. The city and Tree Protection are the problem. No laws protect trees in reality - the representatives are useless.

Advanced notice of upcoming events.

at least 2 time a year we should come together meeting for discussion of problems

Big concern is development of Bayview Village Shopping Centre

Considering all the break-ins that we are constantly having and that a lot of it can be mitigated with the right security measures, I would like to see more security seminars which the police does for communities. For example: how to fortify the latch plate to stop front doors from being kicked open. Having volunteered on committees and executive and as past president for 18 years, I'm sorry but I have to step away and let others do the job. I still the BVA!

Continue to do what you are doing

Current information is relevant - thank you

day bus trips / theatre etc.

Develop a vision and purpose

does BVA have a yearly balance sheet

Establish a Bird Watchers club

Fine work - get new residents involved, they may want different activities. we have been on the Executive in the past, we are now in our eighties and time to let younger members get involved

get younger people involved. Better website with interactive page for members to use. More communication

have more interaction among the interested members. do more fun events - for children/youth/ladies/men

Having a place to go for community updates is amazing! Keep up the great work.

hotline or email. Have so many rebuild homes and their trucks, mud, nails are all over the places. Blocking neighbours. Sometimes, no sources to take complains. very annoying. These new builders should be paying more taxes or get fined. I have 2 nails in 2 cars, to buy new tires is not fun. They left a pile of wood with nails on public road for 4 days.

I am happy that BVA has been in existence since we moved here in 1988 and raised our kids. It is not longer relevant to us as our kids have grown up.

i am too old and disabled to be able to participate in any activity. Sorry

i applaud all the volunteers. Sadly, no amount of input, protest, reasoning or needs have any sway with our politicians who will and do approve any condo proposal. The various community input meetings are meaningless when all plans are "fait accompli" - viz Concord constructions so for that matter the m????? plan for BV Mall. When will the city insist that builders repair properly a road that was dug up for new houses? All one has to look at is Citation Dr & the patchwork done on it.

I believe the Association is doing OK.

I don't know

I fully support BVA. Keep up the good work.

I have been impressed with the activities so far, although I have not been able to participate much.

I have been watering a Bayview Village Assoc. planter since I moved here.

I have lived in Bayview Village for more than 30 years. I am very concerned about the increased density in the area and the fact that community housing units are being situated near our lovely enclave. To read of homeless persons living in our ravine, upsets me, but with persons begging for money at every corner of Bayview and Sheppard (and no police oversight), with low price condos going up the length of Sheppard, and with so many homes in Bayview Village now being used as multiple family rentals/boarding homes, I am not surprised. I am disappointed and upset but not surprised. 1. We need to ensure that safety and security is our first consideration. 2. We need to do what we can to reduce density (car travel is becoming very difficult) and, to the extent new buildings go up in our area, push to have them be in keeping with what was and should remain an affluent better Toronto area. Why does a condo at Avenue Road and Lawrence (where my sister lives in a home that cost her more than 1/2 what my home cost me) have units selling for \$3,000,000 and we have community housing and \$200,000 condo units around us? We should expect and demand better. 3. The beautification of Bayview Village is also a concern. Builders should be giving back and contributing to the beautification and betterment of our area not simply filling every available space with a building. Thank you for your efforts on behalf of us all. I urge you to keep these issues in mind. Our focus should not be on the world at large and esoteric issues but on issue (sic) of real and daily concern to the residents of Bayview Village. I think that most neighbours, myself included, would be prepared to contribute time and money if we knew (and could trust) that these concerns would be addressed by the Association. Happy Chanukah and Merry Christmas to I like to get to know who lives here to be able to help elder thank you

I suggest any activity or event be within reasonable walking distance of the area, or more easily accessible by TTC. For example, what about having Pub Night at one of the places along Yonge and Empress.

i wonder if an outreach could be planned to the new neighbours who seem underrepresented

i would like more neighbours gathering to have more chances to meet and have fun

I'm sure there are many arts&crafts people in the neighbourhood. Have an annual arts&crafts sale, either an 'arts in the park' or indoors. vendors would rent a spot  
Inform about new highrises Bayview Village progression

Inform residents who have vacant dwellings that mail, landscaping (grass cutting, snow shovelling) still need attention. Unkempt property is an invitation to break-ins - of the neighbours as well.Noise from pool parties at 3 and 4 am is unacceptable. Circulate a reminder of the by-laws.

is it possible to publish the directory every TWO years?! also a comment that very interested in volunteering but wants to leave the space for younger and more able people

it is ok now

Keep on trucking! Can't volunteer at this time.

keep track of building by-laws traffic problems we appreciate the efforts of the BVA

keep up the good work

keep up the good work you are doing

Keep up the good work!

Keep up the good work. Vital to maintaining a "neighbourhood". Thank you! Have never actually used the directory so did not select an option. Did not know of any candidate meetings for the last election - robo calls only. Receives BVA emails and thank you.

Keep up your excellent work. Stay "in the face" of developers!

leave as is!

make it more family friendly. get involved in the local school meeting with city planners

more cultural events. grew up here and has just moved back

more frequent and current municipal affairs information

More information related to traffic, developments (new community centre, library, etc.). Information on new shops and facilities.

more liaison with police to monitor or enforce traffic problems - speeding, stop signs, illegal parking. Consider speed bump to make school zone safer

more meetings & discussions re concerns about increased residential construction of large condo bldgs - high population density & traffic congestion. re: our local ravines - erosion, loss of forestation, with increase in invasive plants

More opportunity to speak on issues particularly at electoral candidates meeting & annual meeting - 2 minutes is rather brief particularly on the "monster" house issue as an example. Lived in Bayview Village more than 50 years

No - You do a good job! Thanks

No comment.

no suggestions

none

note they are already volunteering - involved in BSNA

notes that was President in 1985

online or printed directory would be fine

Only present concern is the changes to the Bayview Village Plaza. Do not need more high rise developments in that location and reduced ground level parking for the plaza stores.

other notes on this form - 80+, says too old to volunteer

provide assistance or contacts/resources for community safety - ongoing street loitering or unruly Airbnb activity, traffic-speed monitoring, crackdown on illegal parking

put a question mark beside hold neighbourhood social events

Regular (every 3 months) members meetings to raise their concerns. For those non-members, they should not get a copy of the newsletter otherwise it is not fair to those who have paid to join the association

Satisfied

Similar to the BVA garage sale but hold it at one location so that neighbors who are selling can meet one another.

skating night, housing development update session, gardening session  
sorry i don't  
street sales, garage sales, Canada Day street meet&greet

talks (such as the ones on gardening, financial planning, etc) . perhaps "special interest" groups (theatre, gardening, music, etc) For examples - see the website of the Canadian Federation of University Women - not all of us play bridge, but we have other interests  
thank you for all you do in our community

Thank you for your dedication to the village. I enjoy the newsletter as I am elderly and now cannot drive. Getting to events is expensive and lives alone. Would like to see each homeowner responsible for lawns (without weeds) and mowed regularly

the last information meeting of resident at Grand Lux was very interesting  
the list on #3 is great (this means question 3)  
The present activities and events are good

they are already relevant activities & events. always glad to deliver information  
this person is 93 years old and has volunteered in the past.  
Voicing our concerns about so-called development.

Volunteer works

wants a printed directory for ALL members - crossed out the part that said for member who have agree to share their info  
we are moving out of Bayview Village mid-June 2019

Would be great to have a list of preferred services providers who maybe would give a discount to members of BVA. Such as plumbers, lawncare, etc.  
would be happy with either an online or printed directory and has volunteered and been on the Executive in the past.  
You are doing a great job. No suggestions at the moment!  
You are doing a wonderful job
